Trillo

Color Body Glazed Porcelain

Crema

Dating back before the 16th Century, music has always been a timeless pastime of Italy. From the storytelling of the lyrics, emotions portrayed through instruments, and even focusing on the closest details of the rich vibrato tones and decorative trillo effects.

The pattern and visual markings on the Trillo Collection pieces represent the consistent iteration of details throughout the space. Adding a slight visual appeal to the glossy look on the lines, decorative is an understatement – Trillo is a necessity.
